### MEMBERSHIP CARDS

As you know the combinations for the locks are on the reverse side of the membership cards. This was designed to encourage everyone to have them while at the club.

Due to unauthorized people using club grounds we are asking our members to display their memberships while here. A fishing license holder works well.

For questions or comments you may contact the president at 724-662-4153.

**NEXT MEETING 12 July 2010 7:30 P.M.**

Hello Sportsmen and Women,

Here I sit, 90+ degrees and thinking it was just a few short months ago that we were up to our knees in snow. Speaking of snow, it would be nice if whoever borrowed our snow shovel and pizza trays, plus tools, would return them. Its not that expensive to buy your own and it helps the club treasury.

The new hunting licenses are on sale. *Reminder:* doe applications are being accepted on 12 July 2010. There will be some changes this year, including a split bear season. It will be on Saturday and then the following Monday and Tuesday.

*WANTED:* turtle trappers! Our pond is getting overrun. I counted five at one time.

Now that it has finally dried out, we need some work done around the grounds.

Last week yours truly represented the Mercer County Federation of Sportsmen's Clubs at Goddard State Park as the park was awarded the national gold seal medal for state parks. During the course of the guest speaker's delivery, a bald eagle was seen fishing in the background.

I have been seeing a number of fawns at the club and a doe with three fawns on my property.

*From the Secretary:* Many thanks to those members who have been so generous with their donations to the capital improvement fund. The names of the contributors will not be published to protect their privacy.

***SEE YOU AT THE MEETING!***

Reminder: Board of Directors meeting at 7P.M., before the regular meeting of the membership.
