NEXT MEETING 14 June 2010 7:30 P.M.

Hello Sportsmen and Women,

June is here and turkey season is over. I still see a number of gobblers left. It will be interesting to see if this heavy, wet weather affects the spring hatch. It has rained so much that a hen wood duck had her nest under one of the archery targets.

Saturday, 12 June is the annual YOUTH FIELD DAY at the Grove City Sportsmens Club. This is sponsored by the Mercer County Federation of Sportsmens Clubs. To sign up call Ricky McDaniel at 724-992-2524.

The by-law committee has been meeting and progress is being made. With updated by-laws it will be easier to apply for grants for the club.

Yours truly received word that money has been allocated to replace the sportsmens building at the Stoneboro Fair. It is the third oldest building there, and as far as I know, is the *only* building at a fair in the state dedicated to sportsmen.

Marcus Kohan is shutting down the junior rifle program on Tuesday night until 10 September 2010. He has plans for another class in the fall, so if you know of any kids that are interested, let him know.

WCO Don Chaybin was called about people underneath the eagle's nest on Route 846 at the Pennsylvania Game Commission building. They were concerned that the eagle might not return to the nest. This was after they passed numerous DO NOT ENTER signs. Did that mean for the eagle?

Speaking of wildlife, there have been two confirmed cases of rabies in raccoons this year in Mercer County. If you see animals acting strange, *leave them alone*.

The club secretary travelled to Erie for a seminar by the Internal Revenue Service. This will help our club from becoming a victim of poor record keeping and compliance which would expose us to possible termination. The I.R.S is examining non-profits more closely for anomalies in structure and accounting.

See you at the meeting!
